

IT APPRENTICESHIPS

CANDIDATES

LIFE EMPOWERED THROUGH DATA SCIENCE

WHO WE ARE...

ACDS is a non-profit dedicated to building and retaining top Data Science and IT talent in the state of Arkansas. We partner with companies large and small across all industries to facilitate apprenticeship programs such as: Cybersecurity, Data Analyst, Developers, SQL Analyst, & other IT related programs.

WHAT IS AN APPRENTICESHIP?

Registered Apprenticeship is an employer-driven model that combines **on-the-job learning** with related classroom instruction while having **a full-time position**. This is a paid apprenticeship program tied to a full-time position (Must be able to work Monday-Friday, 8:00 a.m. – 5:00 p.m.)

WHY SHOULD I CONSIDER AN APPRENTICESHIP?

- You are hired for a job and start **earning** competitive wages **from day one!**
- You will get **on-the-job training** in your new role & gain knowledge from experienced peers, mentors & managers.
- You will realize **income increases and career progression** as your skills grow.
- Apprenticeships are the “other college, without the debt” option for building a career.

WHERE TO START...
